This is a post I got from my brother about his oldest. She finished her IDF service (she is a combat medic in an Iron Dome unit) this summer and is a freshman at Florida State. As a freshman, she was elected to be the Director of programming at the Jewish Student union at FSU:
{anything in (...) is me giving detail or explaining something}}

It's been a very stressful day... but great ending. Phoebe was called up this morning receiving her 819 (reserve Duty call up).

Phoebe contacted her officers to figure out where she needed to go. She was asked in the course of the conversation what she's been doing at FSU. After explaining her JSUFSU position they canceled her 819 and told her to continue what she's been doing. If things continue to be bad in December, then she could get called up then. For right now she is being told to stay at FSU and continue her הסברה (Explanation-PR work). That is her job now.

Thank you &
Am Israel Chai
