# Creating Zionist Teen Activists

Jew-hatred and anti-Zionism plagued our our high schools and college campuses long before the horrific massacre of October 7. Club Z has been training and empowering teens to fight antisemitism, lies and misinformation in high schools and college campuses in 2011. As a result, the over **300 actively enrolled Club Z teens** were prepared on October 7 — and have been since — to defend themselves, Israel and the Jewish people.

“I am deeply grateful for the incredible education, advocacy training, and Jewish social network that my two sons have received through Club Z. Quite simply, Club Z is leading boldly and innovating in profoundly critical ways. At a time when anti-Semitism and anti-Zionism is at unprecedented levels in the US. Club Z provides not only the knowledge and facts that young people desperately need, but also the tools to activate this knowledge.

“Every Club Z alumni that come to us has just been so prepared, so educated, that we’ve been able to do so much more in supporting them. It’s incredible to work with an organization that works hand in hand, and we couldn’t ask for a better partner in really making headway in the fight against misinformation and anti-Zionism propaganda on campus.”

“We are not Jews with trembling knees. We outlived the Philistines, the Byzantines, the Nazis and the Soviet Union. And there is no doubt that we will outlive Hamas and Hezbollah. We have the right to defend ourselves. To be a Jew is to be a Zionist. It’s as simple as that.”
